<How amazing GTN Mobile Service can be ! >

### ◎No credit card needed upon your application. Convenience Store payment is available!

In most of the case, you will need a credit card to sign up for a SIM contract in Japan. With GTN Mobile, you can easily apply for a SIM card with Convenience Store payment. <Plus> During the SIM application process, you can also apply for the specialized credit card.

### ◎Provide multi-language support

(Feel free to send inquiries before entering Japan)

On top of that, you can get an optional service called **GTN Assistants**, which provides 24-hours, 365-days life support consultation in your native language.

The majority of telecommunication companies in Japan only provide customer support in Japanese. However, GTN Mobile can support you in 19 different languages. You can inquire in your native language. The multi-language staff will response to you not only by phone, but also by email, SNS or Online Chat. <Plus> Unlike other telecommunication companies, at GTN Mobile, it is possible to send inquiry, reserve the number or apply in your native language before coming to Japan!

### ◎SIM-only application is OK! (There is no need to apply for both SIM and phone devices if you already have yours)

Currently, when you enter Japan, it is a prerequisite to bring your smartphone with network communicability for Residence Track. At GTN Mobile, it is possible to get a SIM contract only with your passport even before your arrival to Japan. Simply insert the SIM card into your smartphone to use the service during the 14-day quarantine.

### ◎Same-day screening and shipping is possible! No contract period is required!

GTN Mobile can finish the whole process from screening to shipping on the same day of your application. <PLUS> In case you urgently need to go back to you country, there is no penalty fee of cancellation to worry about.
